THREE SONS SERVE

CENTERVILLE — GERALD P., the third son of Mr. and Mrs. M. S. Dutra left last week for New York to take training for convoy duty in the Merchant Marine. Their other two sons, EDWARD H. is now on desert maneuvers with the Army, and CLARENCE N. is a metalsmith in the Navy Shipyards at San Diego.

* * *

SOLDIER PASSES AWAY

JAMES CLARENCE NICKEL of Niles, who was inducted into service on September 4 passed away at 4:15 p.m. on October 9 at Camp Robinson, Little Rock, Arkansas, a victim of pneumonia. He was born on November 10, 1905 in Lawrence, Missouri. Thirteen relatives and friends left this district Saturday afternoon for Springfield, Missouri, where the funeral was held, probably on Wednesday of this week.

* * *

ROMAINE RIVERS of Newark, who has been away for some time in the United States Army in Texas, has been home on a furlough visiting his folks Mr. and Mrs. Tony Rivers.

Mr. and Mrs. Joe Dias of Newark received word from their son DONALD DIAS, who has been stationed in Alaska for several months that he is getting along fine. Donald says he is sure putting on weight.

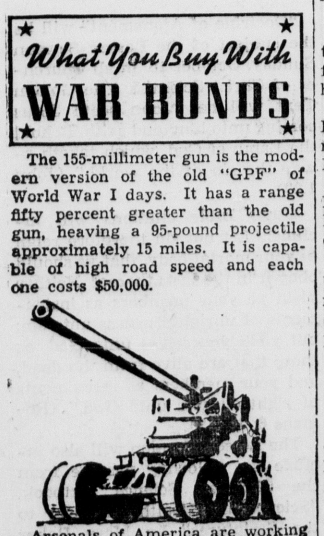
JAMES McCAULEY of the United State Army visited his uncle John Pope over the weekend. He is stationed at Camp Ord. His brother JACK McCAULEY, of the Merchant Marines is also visiting at the home of his uncle in Newark. The boys mother was out here from Pennsylvania visiting with the boys at the home of Mr. Pope.

Private FRANK ACALADE from the Sacramento Army Air Corps, visited at the home of Eleanor Freitas on Sunday at Newark.

Mrs. Laudenslager of Newark received word from her son, JAMES LAUDENSLAGER, who left the Presidio of Monterey two weeks ago, that he is at Sacramento, stationed at Mather field and is very sick in the hospital.

First Class Seaman JOHN BERCHEM was home on a visit from Treasure Island this week.

TOM WILSON of Decoto left on Monday morning to be inducted into the U. S. Army.



The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs $50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

FIRST SOAKING RAIN

The first soaking rainfall of the fallseason occurred locally Saturday night when .70 of an inch was recorded in the guage at the Southern Pacific Depot at Niles. While it did not do the tomatoes any harm it washed off foliage, soaked the dry ground and cleared the air. A lightsprinkle of .15 occurred September 15 to make .85 of an inch of rain hereabouts to start the new rainfall year, which began on July 1.

CREDIT FOR OUR STATE SURPUS DUE LEGISLATORS

UKIAH — Members of the Legislature's economy bloc can hope for no higher tribute to their efforts in behalf of California taxpayers than the present condition of the State Treasury, it was pointed out today by Senator George M. Bigger, representing Mendocino and Lake counties.

Senator Bigger recalled the Legislature's constant four-year fight to block Governor Olson's "spendthrift program" and directed attention to the recent report of Controller Harry B. Riley showing a surplus of more than $40,000,000 which Riley credits to "the simple expedient of not spending all the state's income."

"Instead of the largest surplus in the state'shistory," said Senator Bigger, "California would be hopelessly in the red today had a rubber stamp Legislature bowed to Governor Olson's demands. The Legislature turned Governor Olson down on requests that would have cost the taxpayers an additional $130,000,000, plus more than $60,000,000 in new taxes.

"It is the heightof hypocrisy if Governor Olson claims the slightestcredit for California's fine financial condition. It has been accomplished by the Legislature's economy bloc in spite of Governor Olson — not because of him. It is true that the surplus built up by the tremendous business uptrend centering in California war industries but if Governor Olson had his way he would find a quick way to spend those funds.

"And finally let's not forget that the true credit belongs to the people themselves — the millions of little taxpayers whose money that surplusreally represents."

Proof that the efforts of the economy bloc were appreciated by the citizens of California is shown in the fact that nearly all of its members were returned to the Legislature at the August primaries Senator Bigger stated. This evidence is further heightened by the enormous vote given Earl Warren indicating the people want an economy minded Governor to work in harmony with the Legislature, he said.

RAYMOND PERRY, who is in the U. S. Army, has been transferred from Wyoming, where he has been stationed, to Kansas.

Word has been received from BOB SALZ of Decoto that he is now attending Officer's School in Maryland.

EDDIE BETTENCOURT, son of Mr. and Mrs. Tony Bettencourt of Railroad Avenue in Decoto has enlisted in the U. S. Navy.

ARCH SPARROWE of Centerville is now taking training as a radio technician in the Army Air Corps at Sioux Falls, South Dakota.

Pvt. HUGH MOODY of Niles, serving with the Army Signal Corps is now pleasantly stationed in Hawaii, according to word received by relatives here. Lt. JACK PEARSON of Niles is also stationed there with the Engineers.

* * *

NOTICE: Please keep this office notified of changes of address so you will not miss receiving your weekly copies of this newspaper.
— The Editor.

E. A. Ellsworth had the sideyalk repaired outside the Red and White Store on Friday. (And how the children enjoyed it!)

DESCENDANT OF COMMODORE PERRY—Here is one descendant of Commodore Oliver Hazard Perry, hero of the Battle of Lake Erie in the War of 1812, who believes ships of the air will be the deciding factor in America's victory in this war. He is Private Leslie Burton Perry, of Barton, N. Y., recently graduated as an airplane mechanic at Keesler Field Army Air Forces School, Biloxi, Miss.

"I am 29 years old," said Private Perry, "the same age as the Commodore when he won the Battle of Lake Erie September 10, 1813, but I like the planes and can contribute most as an air mechanic. Uncle Sam needs trained men for this service right now and I should like to see more fellows enlist."

TOWNSHIP RATION BOARD APPOINTS 9 NEW MEMBERS

NILES — Nine new members of the Washington Township Rationing and Price Control Board have been appointed to take care of increasing work of rationed products.

Added to the present three members these 12 persons will work in groups of three in handling rationing of tires, gasoline, clothing and food. New members are' Arthur W. Cotton of Newark, W. D. Patterson of Centerville, Dale Carrithers and Mrs. George Cushman of Mission San Jose, L. E. Bailey of Alvarado, John Kimber of Niles Jack Prouty of Irvington, Joe Brown of Warm Springs and L. W. Musick of Decoto. Other members of the board are George C. Roeding chairman; Mrs. W. H. Ford and A. W. Ebright of Niles.

In addition to handling price-control measures, tires, cars, bicycles and sugar permits the board is now also handling the rationing of rubber shoes and boots. Those eligible for these last-mentioned articles are persons connected with the war effort mainly defense workers and farmers.

DISASTER RELIEF CENTERS

F. T. Dusterberry, chairman of Washington Township Red Cross has procured, through the O.C.D., Disaster Relief Center signs to be located at the various elementary schools and a general headquarters sign for Washington Union High School. Should disaster be localized then relief will be handled from the school in that vicinity. Should it be Township wide the headquarters will be at the High School and the various local centers will provide emergency relief for each locality.

NILES CHURCH ANNOUNCES 3 CARD PARTIES

District card lovers are asked to reserve the dates of Tuesday nights, October 27, November 3 and 10 if they want to compete to win a $25 War Bond to be given to the holder of the highest score, either man or woman, totalled by anyone attending all three parties.

This series of whist parties is being given jointly by the four adult organizations of the Niles Congregational Church as a means of helping pay off the Church building debt.

The games will be played in the Church Guildrooms and tickets for one or all three of the parties will soon be on sale. Many other prizes will be given each evening, but a player must attend the entire series to be elegible for the capital prize of the War Bond.

A. B. Leask, representing the board of trustees is general chairman, assisted by Mrs. W. H. Ford, representing the Ladies Guild, Mrs. Jenny Mohn for the Sanford Circle and Fred Duffie for the Men's Fellowship club, who will be in charge of prizes.

In the absence of much other public entertainment going on at the present time the Card Party committee anticipates this entertaining event will be a sellout. Make it a date for those three Tuesdays!

WANNA BE A WAAC?

OAKLAND — Lieutenants McGlinn and Miller of the Womens Auxiliary Army Corps will open a three day recruiting drive next Monday, Tuesday and Wednesday, October 19 to 21 in the office of the Oakland Chamber of Commerce, 417 — 14th. street in Oakland. Township young women who are flirting with the idea of wearing a uniform (and no lipstick!) for Uncle Sam can have their questions answered in person by making a trip to Oakland on those days.

TWO OLD GUNS WILL SWELL NILES SCRAP RECEIPTS

TOYON BRANCH PLANS SCRAP DRIVE ON OCTOBER 25

Permission was received by Mrs. Laura Whipple on October 6 from the Army Ordnance Department at Benecia to turn in the two unsightly old guns whcih have stood since 1921 outside the Niles Firehouse.

Title to these weapons was vested in the Niles Soldiers Memorial Monument association back in 1921. The old style cannon on wheels weigh 1900 pounds apiece and when turned in the proceeds will be given to the Children's Hospital of the East Bay, which is now giving assistance to refugee children of this war.

The Toyon Branch, of which Mrs. Whipple is chairman is sponsoring the fifth Victory Scrap metal drve in the Niles district on Sunday, October 25. It is hoped that Legion men will offer their services to do the pick-up work that Sunday morning.

The fourth drive conducted last Sunday by the Niles P.T.A. with Mrs. E. E. Dias in charge picked up something over four tons, but could not make all the calls upon persons who had given their names to committee members because of shortage of trucks and men to help do the work. The pick-up for the PTA is reported still continuing.

Niles four scrap drives thus far have yielded only 25½ tons which is far behind Centerville, Irvington and Alvarado. If more men will help with trucks and labor on October 25 this figure can be raised materially.

The board of trustees of the Niles Congregational Church are planning a drive for the benefit of the Church on Sunday, November 8. Any metal overlooked in the preceding drives will be collected that day, weather permitting.

The farms in this vicinity are the best sources of old metal, and with the harvest season drawing to a close it is hoped local farmers will take time to go through their barns and fields for metal which can be donated. The Niles Salvage Committee has a permanent office at Niles 4442, where names can be left for future pick-up service.

The Boy Scout troop at Niles has dug out several old refrigerators and an automobile frame with motor from the banks of Alameda Creek. The Scouts are amassing their own pile and have about 4 tons.

BLOOD IS NEEDED

F. T. Dusterberry, Mrs. Robert McNair, Mrs. W. L. McWhirter and Mrs. Marston Dassel were guests of the Niles Rotary Club at its meeting last Thursday. Mrs. Mac Nair told of objects and mechanics of blood procurement and stated that prior to Pearl Harbor 15,000 units of blood had been asked by the government. This has now been raised to 2,500,000 units. Mr. Dusterberry and Mrs. McWhirter explained the details of the local campaign. The Mobile Unit will visit the Township once a month for the following eight months on the first Friday of each month, excepting January when it will be on the 15th of the month, according to F. T. Dusterberry, chairman.

TOWNSHIP BOASTS 45½ LBS. PER PERSON OF SCRAP

SUNDAY PICK-UP COLLECTIONS TO BE CONTINUED

Although the Niles district is lagging in its collection of scrap metal because not enough men and trucks turn out to help on any given Sunday, the Township as a whole has done very well in its scrap collecting.

Last Sunday Alvarado led the Township with 80 tons collected to add to a prior collection of 30 tons. Centerville reported 75 tons for the day, to add to prior drives which have been going on all summer under the auspices of the Lions club with Joe Adams as chairman. Centerville made a community event of the day with a street parade and a celebration.

Irvington came along fine with 60 tons reported gathered by firemen and air raid wardens, to add to the amount gathered on a prior collection.

Newark has reached the 30 ton mark and the Decoto firemen are making continuous collections Sunday after Sunday.

Niles has collected about 30 tons including four tons picked up by the Boy Scouts, proceeds of which will go into their own treasuries.

While the totals are not complete for any town except Niles, the figures given above total 275 tons. With a Township populations of over 12,000 persons this breaks down to 45½ pounds per capita, which ranks well with the national average.

Kansas leads the nation with a per-capita collection of 72.2 pounds per person; Nevada ranks second with 70.3 pounds and Utah third with 61.8 pounds. These figures are not final. When California's total for last Sunday is announced this state may lead the nation.

Note that tonnages are only estimates until the metal has been sorted and weighed in at steel mills. It will be some months before final totals can be announced.

Meantime, pick-up Sundays will continue throughout the fall in Washington Township communities and the per capita weight figures will continue to rise as metal is weighed in at the steel mill and accurate figures can be obtained.

TOWNSHIP COUNCIL TO MEET OCTOBER 28 AT HIGH SCHOOL

CENTERVILLE — The first Fall meeting of the Co-ordinating Council of Washington Township will be held at the Washington Union High School on Wednesday, October 28, at 12:30 o'clock.

Numerous problems connected with youth welfare to be discussed relate to present harvest enmergencies, visiting students from San Francisco schools now in a labor camp at the school, recreation and the part that youth is to play in the increasing war program. All members who cannot attend are asked to send a substitute from the organization they represent.

CHURCH FOOD SALE

A food sale for the benefit of the little Flower Booth of the Corpus Christi Church Bazaar will be held at Mr. Murphy's store on Saturday morning, under the direction of Mrs. Judge Silva and Mrs. May Solon.

Coming Events

SATURDAY

8:30 p.m. Niles Fire Department benefit dance at Newark Pavilion.

Corpus Christi food sale at Murphy's Store in Niles.

WEDNESDAY

6:30 p.m. Men's Fellowship Dinner at Niles Congregational Church. Election of officers.

THURSDAY

3 p.m. Earl Warren broadcast over Columbia hookup.

ST. JAMES CHRURCH TO CELEBRATE ITS 75TH ANNIVERSARY

CENTERVILLE — Plans have been completed for the celebration of the seventy-fifth anniversary of St. James Church and the Bishop's Committee sincerely hopes for a large attendance on Sunday, November 1.

Bishop Block will conduct the church services at 11:00 A.M. and will administer communion. At 12:30 refreshments will be served in Memorial Hall. This will be followed by a program:

Bishop Block, Mr. Harris, and Mr. Webster of the Presbyterian Church of Centerville will give short talks. Miss Sheila Leachman will present a brief history of St. James Church. Mr. John L. McNab, well known attorney of San Francisco will speak.

Members and friends of the Church are cordially invited to attend this outstanding event.

CHURCH MAGAZINE NOTES NEW PASTOR

The October issue of The Pacific, monthly magazine of the Congregational Conference carried the following notice:

NILES. Rev. D. Quincy Grabill has been invited to become pastor and began his work on October 1. Mr. Grabill came to California from Wisconsin, where he has been an outstanding pastor and was for some years engaged in business and farming. Under his leadership the Niles church should move forward and minister more effectively to the increased population of that community.

MINISTERS MEET

NEWARK — Reverend Jackson L. Webster was host pastor a morning this week at the monthly breakfast of the Southern Alameda County Ministerial association when ministers were present from Hayward, Livermore, Pleasanton and Washington Township. Reverend John Winkley of the Hayward Methodist church was in charge of devotionals. Mrs. Bertha Winslow of the County Charities commission spoke on the welfare of foster children living in homes in this section.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds for our share in America.

Cook for a crowd with the greatest of ease

For economy in entertaining, saving in transportation and genuine victory friendliness, neighborhood block parties or family get-togethers are really atune with the times. Pots of steaming coffee, bowls of crisp salad, and something solid for a main dish appeal to the whole gang.

ORGANIZATION—It's another thing, of course, if large quantity cookery is new to you; but don't despair. Get some organization into the affair, let everyone know what she is to do. A good idea is to divide the responsibilities into cooking, serving, and clean-up duties and schedule everyone's work.

EQUIPMENT—If it's going to take large kettles which none of you have, borrow some. Preserving kettles are ideal for cooking large quantities of food, and cookie sheets make fine covers. Wide shallow pans are usually better than deep ones, because foods cook more quickly in shallow containers and aren't crushed by their own weight.

SERVICE—Buffet service is probably easiest for serving the crowd, particularly if the party is in the small quarters of someone's home. The Homemakers' Bureau has planned this supper menu which is well adapted for buffet style or tray service, although it could be served otherwise.

**Tamale Pie*
Mixed Vegetable Salad
Toasted Buttered French Bread
Gingerbread
with Whipped Cream
Coffee

***TAMALE PIE**

¼ lb. onions
½ cup shortening
2 No. 2 cans cream-style corn
2 No. 2½ cans tomatoes
1 tbsp. salt
½ large green pepper or 1 small pepper
¾ qt. corn meal
6 eggs
2 lbs. ground beef
1½ cups tomato puree

Brown finely chopped onions in hot shortening in large shallow kettle. Add corn, tomatoes, salt, and finely chopped pepper. Bring to boiling point; add corn meal slowly, stirring until well combined; cool. Add slightly beaten eggs, meat, and tomato puree; mix well. Pour into 2 well greased drip pans (9x12½x2). Bake in moderate oven (350° F.) 1 hour, or until done. To serve, cut in squares. Serves 25, approximately ¾ cup per serving; 14 servings per pan.

Get your Free copy of the Family Circle every Thursday

Julia Lee Wright's article on quantity cookery in this week's Family Circle gives four completely planned menus—with recipes — for groups of 25 or 50.

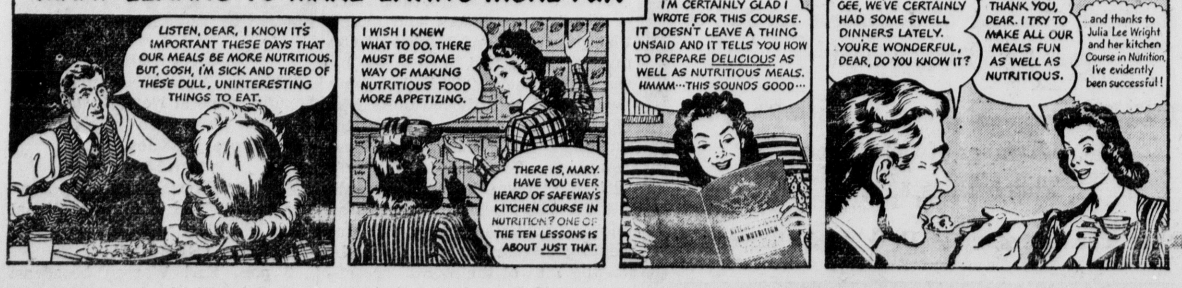
MARY LEARNS TO MAKE EATING MORE FUN



LISTEN, DEAR, I KNOW IT'S IMPORTANT THESE DAYS THAT OUR MEALS BE MORE NUTRITIOUS. BUT, GOSH, I'M SICK AND TIRED OF THESE DULL, UNINTERESTING THINGS TO EAT.
I WISH I KNEW WHAT TO DO. THERE MUST BE SOME WAY OF MAKING NUTRITIOUS FOOD MORE APPETIZING.
THERE IS, MARY. HAVE YOU EVER HEARD OF SAFEWAY'S KITCHEN COURSE IN NUTRITION? ONE OF THE TEN LESSONS IS ABOUT JUST THAT.
I'M CERTAINLY GLAD I WROTE FOR THIS COURSE. IT DOESN'T LEAVE A THING UNSAID AND IT TELLS YOU HOW TO PREPARE DELICIOUS AS WELL AS NUTRITIOUS MEALS. HMMM···THIS SOUNDS GOOD···
GEE, WE'VE CERTAINLY HAD SOME SWELL DINNERS LATELY. YOU'RE WONDERFUL, DEAR, DO YOU KNOW IT?
THANK YOU, DEAR. I TRY TO MAKE ALL OUR MEALS FUN AS WELL AS NUTRITIOUS.
...and thanks to Julia Lee Wright and her kitchen Course in Nutrition, I've evidently been successful!

All about the course Mary took

To help you plan meals that are attractive as well as nutritious, the Safeway Homemakers' Bureau has prepared the "Kitchen Course in Nutrition," 10 complete lessons by mail—25c for entire course. Just write to Julia Lee Wright, P. O. Box 660-CC, Oakland, California.

CENTERVILLE CHURCH

10 a. m. Morning Worship.

Sunday school — Younger children at St. James Episcopal, older children at the Presbyterian church. Parents can attend the church service while the children are in classes.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" will be the subject of the Lesson-Sermon Sunday, October 18, in all Churches of Christ Scientist. The Golden Text will be: "John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world," (John 1:29).

Other Bible citations will include: "Let not sin therefore reign in your mortal body, that ye should obey it in the lusts thereof. Neither yield ye your members as instruments of unrighteousness unto sin: but yield yourselves unto God, as those that are alive from the dead, and your members as instruments of righteousness unto God," (Romans 6: 12, 13).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight,' . . I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love," (p. 21).

UNHEATED HOMES MAY NOW OBTAIN NATURAL GAS

More than 12,000 new homes, and old homes now without heating facilities, in the territory served by Pacific Gas and Electric Company may now be heated by natural gas as a result of the ruling of the War Production Board announced last week through the California Railroad Commission. ..

The effect of the decision, which relaxed WPB limitations on the use of natural gas for heating purposes is explained in a statement issued today by the utility company from its General Office in San Francisco.

Specifically, the ruling exempts the company from the provisions of one paragarph of the Federal Board's Limitation Order L-31, which prohibited the use of natural gas for space heating in homes, the foundations of which were completed after March 1, 1942. The exemption applies only to residential heating, defined as "domestic use in single family residences and separately metered use in multiple family dwellings."

In making application for the exemption the utility company estimated that by December this year, 12,400 new homes will use gas heating as a result of the exemption. Many of these homes have gas heating appliances already installed and will be served by the company upon application.

Other home owners will be able to obtain gas heating if they are able to meet certain conditions laid down by the War Production Board:

1. If the householder does not have heating equipment of any kind (wood and coal fireplaces and portable electric heaters under 2500 watts capacity and kitchen ranges are not defined as "home heating equipment") he may purchase gas heating appliances after signing a statement that he does not have such equipment available for use.

2. The company is now free to serve gas for residential heating but it is still governed by priority restrictions upon the use of materials. If a home is already piped for gas or if the company has materials on hand to make the connection, service may be given. But if existing mains are insufficient to meet increased demand upon them or if extension of service pipes is required, it may not be possible to make the connection.

3. Service also will depend upon the ability of the householder to purchase heating equipment. Considerable stocks of circulating heaters, wall and floor furnaces, are reported available. Another "if" is the ability of the plumber to supply material necessary to install the desired equipment.

NILES LOCALS

Miss Rosemary McDonald
Correspondent

Mrs. Clarence Crane is working part time in the Niles Postoffice helping with the work since Mr. Shepherd's departure for McLellan Field at Sacramento.

Miss Dorothy Fay Franklin returned to her parents' home in Niles the middle of last week following several week's stay with her aunt at Abilene, Texas.

Mrs. Robert MacNeur, Mrs. W. L. McWhirter and F. T. Dusterberry presented a plea for blood donations at last Thursday's Rotary club meeting held in the City of Florence Restaurant at Niles.

Mrs. Thomas Robbins entertained Mrs. J. R. Grace of Burlingame and Mrs. C. Cornell of San Mateo at luncheon on Wednesday.

Mrs. Wm. D. Cull entertained her bridge club on Thursday.

Mr. and Mrs. Eric Bergstrom of San Jose, formerly of Niles, called on many local friends last Sunday.

The next regular meeting of the Niles Rebekah lodge will be held on Friday evening. A social hour will follow the business session. Mrs. Iva Marble, Mrs. Lily Butterfield, and Mrs. Maude Siler will have charge of refreshments.

William Harold Cull of Richmond is spending a week at the home of his grandparents, Mr. and Mrs. Wm. D. Cull here.

Mrs. Bart Thane is spending a few days in San Francisco visiting friends.

The Decoto Fire Department which held Scrap Drives on Sunday, September 27th and again on October 4th will continue to collect scrap each Sunday until their district is covered.

Mr. and Mrs. Ed Krumland and son Roy from Byron visited at the home of Mrs. Krumland's sister, Mrs. Anna Bradford on Sunday.

Mrs. Anna Bradford attended a luncheon on Saturday at the Coit Hotel in Oakland which was given for associate conductresses of the O.E.S.

Miss Wini Bendel was a guest on Saturday of Mr. and Mrs. Robert Corwin of Palo Alto at a party celebrating their first wedding anniversary.

The Friendly Sewing Circle met Monday at the home of Mrs. Wm. D. Cull. Mrs. Winton Murray, Mrs. F. H. Smith and Mrs. C. B. Oliver were guests of the Circle. A Silver Tea is planned by the Circle to be given on October 21st at the home of Mrs. Maud Siler. The next regular meeting will be held at the home of Mrs. Roy Rose in November.

The Toyon Berries held their first fall meeting at the home of their president, Juanita Galvin on Tuesday night.

Mrs. E. C. Wood of Mill Valley, sister of Mrs. Roland Bendel, and her aunt, Miss Alice Muir of Oakland, were luncheon guests of Mrs. Bendel on Thursday.

Miss Margaret Williamson returned to Berkeley on Thursday to attend the University of California.

Mrs. Fred Mittee took a trip to Eureka with her son and wife Mr. and Mrs. Marshall Green of Albany. They returned Monday night.

A MESSAGE TO EVERY DRIVER

You can save rubber and help win the war if you will do these things:

1. Drive only when necessary.
2. Keep under 35 miles an hour.
3. Keep your tires properly inflated.
4. Have them inspected regularly.

Share you car with others.

The War Memorial Building in San Francisco is headquarters for 150 veterans' organizations.

NEWARK

Mrs. Caroline Pashote
Correspondent

A surprise baby shower was given to Ruth Gygax last Friday night at the home of Ruby Boyce. The evening was spent in playing cards and refreshments were served. Many beautiful gifts were received.

A. Tremble of Newark is the proud owner of a new Chevrolet car purchased last week. Mr. Tremble works at the steel mill in Niles. He has donated his old car to the scrap pile of Newark.

Billie Gastelum of Newark has purchased a 1935 Oldsmobile car. He is now working at the Moore shipyard.

James L. Musick from Crescent City, who has been sick, visited his brother Eph. Musick in Newark last Friday. Both of them spent the weekend in San Francisco visiting friends.

Mrs. S. L. Springer of Oklahoma, mother of Jake Springer of Newark, who has been visiting here for some time, left last week for New Mexico, to visit her other son for a few days. She will then leave for home. She stated she enjoyed herself while visiting here.

Mr. and Mrs. Coffey of San Francisco were the guests of Mr. and Mrs. John Freties over the weekend.

Mrs. Emma Dias of Newark spent the weekend in Oakland visiting with her sister, Mrs. Alice Aroz.

The Newark library received an unusually fine number of books for its patrons this month, such books as Chase, Glassgow, In this our life, Cross Creek, Past Imperfect and many other popular books.

ENGAGEMENT TOLD

Mr. and Mrs. J. A. McDonald have announced the engagement of their daughter, Julianne Katherine to Ensign Francis Milton Howe of Mission San Jose. Julianne attended the University of California where she was a member of the Tower and Flame Honor Society. Ensign Howe is a graduate of Santa Clara University where he majored in engineering. He is the son om Mr. and Mrs. M. J. Howe of Mission San Jose, and is at present taking special training at Bowdoin College. No date for the wedding has been set.

GEMS OF THOUGHT OVERCOMING

Real glory springs from the silent conquest of ourselves; without that the conqueror is the first slave. — James Thomson

It is not so much being exempt from faults, as the having overcome them, that is an advantage to us. — Alexander Pope

You will find it less easy to uproot faults, than to choke them by gaining virtues. — John Ruskin

If one lives rightly, every effort to hurt one will only help that one; for God will give the ability to overcome whatever tends to impede progress.—Mary Baker Eddy

If any speak ill of thee, fly home to thy own conscience and examine thine heart. If thou are guilty, it is just correction, if not guilty, it is a fair instruction. — George Herbert

Draw the curtain of night upon injuries; shut them up in the tower of oblivion and let them be as though they never had been.

— Francis Bacon

WEDDING UNITES LOCAL COUPLE SUNDAY AFTERNOON

Miss Jessie Seaone and Gus Hernandez were united in marriage on Sunday afternoon at two o'clock at Corpus Christi Church in Niles. The bride was accompanied by eight bridesmaids, and a matron of honor. The matron of honor, Mrs. Richard Silva and the groom's attendant, Richard Silva were the aunt and uncle of the groom. The bride wore a white satin gown with lace, a fingertip veil and carried a bouquet of white roses, gardenias and orchids.

The eight bridesmaids, who were dressed in white taffeta and net and carried pink roses and gardenias, were Josephine Seaone, Josephine Remos, Bernice Hernandez, Jessie Lopez, Jessie Leiva, Millie Madrid, Stella Blasquez and Frances Horajo. The bride is the daughter of Mr. and Mrs. Joe Seaone of Decoto and a graduate of Washington Union High School, Class of 1942. The groom lives in Hayward and is employed at an Oakland shipyard.

Five hundred friends and relatives witnessed the wedding ceremony. After the wedding three hundred and fifty guests attended the reception held at the Palomar.

DECOTO NEWS

Mrs. Edmund Francis
Correspondent

Frank Valdez has been confined to his home suffering from an attack of influenza.

Matilda Silva is now employed at the Kraftile Company at Niles.

Mr. and Mrs. John Enos, Sr., Frank George, and Marie Milina, Mr. and Mrs. Manuel Enos, Mr. and Mrs. Isadore Souza, John Enos, Jr., and Mr. and Mrs. Clarence Mathews and sons attended a barbecue in Sunol on Sunday.

Mr. and Mrs. B. Jones and daughter of Oakland have been spending their vacation at the home of her parents here.

Mrs. Constance Amaral is now employed as a first grade teacher at the Decoto Grammar School.

FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. ✶ Such a people is always slow to anger, tolerant and patient. But when patience *is* exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only one way such a nation could be enslaved. That would be through propaganda that misleads; through lack of knowledge, and of truth. America's greatest strength is... *freedom of the printed word*... to give the people *truth*, truth that builds freedom of thought, of word, and of vision. ✶ This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

VOTE "YES" TO PUT STOP TO "HOT CARGO"

Voters of California are determined to put a stop to the twin evils known as "Hot Cargo" and Secondary Boycott for the duration, according to reports from all sections of the state, it was stated yesterday by E. C. Kimball, State Chairman of the "Vote Yes on 1" Committee.

Committees in every county, Kimball said, are concentrating on what is practically a door to door campaign to make clear to voters that a "Yes on 1" vote is required to abolish "Hot Cargo" and Secondary Boycott abuses until the war is won.

"Our volunteer workers have found considerable confusion about the right way to vote on Proposition 1," Kimball said. "This confusion no doubt has arisen because the average citizen is not familiar with the way the referendum process works.

"The fact is that a law has already been passed by the Legislature prohibiting 'Hot Cargo' and Secondary Boycott for the duration. This law wouldbe in effect now if its suspens'on had not been forces by a referendum promoted by the State A.F. of L. This action submits the law to a vote of the people on November 3rd.

"A majority 'Yes' vote will approve the law which the Legislatur passd by a two-thirds vote, and will place the measure on the status books of California.

"There exists throughout the state, as reported by our volunteer committees in communities large and small, a tremendous public opinion in favor of encouraging an all out war effort by making unlawful petty interruptions of work or interference with commerce. We have encountered a widespread feeling that loyal Americans should have no thought in mind today except to win this war. They are in no mood to let triflers and labor agitators throw sand in the machinery of victory."

Kimball urged voters to remember that their "Yes" vote will put a final OK on a law that has already been enacted.

BANK OF AMERICA DECLARES REGULAR STOCK DIVIDEND

Directors of Bank of America have declared regular dividends for the current semi-annual period on both preferred and common stock. Payment on the $2.00 cumulative preferred stock will be made on December 31 to shareholders of record on December 15.

On the common stock, payment at the yearly rate of $2.40 per share will be made quarterly, the first distribution on September 30 to shareholders of record as of September 15, and the second distribution on December 31 to shareholders of record as of Decemer 15.

This will result in total distribution for the semi-annual period of $5,260,000 on the present outstanding shares, in which more than 150,000 shareholders will participate.

Manning the listening posts in California, the State Council of Defense lists 60,000 women.

17,951 DEER KILLED

SAN FRANCISCO — According to tags received by the Division of Fish and Game to October 5th, 17,951 deer have been bagged by hunters so far this season. To the same date last year 32,136deer had been killed.Restrictions on hunting in various areas; that so many are with the armed forces who would otherwise be hunting; and lack of tires and free time are responsible for the difference in this year's deerkill as compared with figures for last year.

ARMY AIR FORCES NEED MEN FROM 18 TO 50 NOW

The Army Air Force offers a NEW OPPORTUNITY for EXPERIENCED MECHANICS and RADIO MEN, to enlist for "on-the-job" training as AIRCRAFT MECHANICS, AIRCRAFT ARMORERS, AIRCRAFT RADIO MECHANICS and AIRCRAFT RADIO OPERATORS.

For the first time since war began, individuals with a mechanical and radio background are being picked for direct enlistment in the ARMY AIR FORCES. These men must be able, after a short period of "on-the'job training", with pay, to go right to work maintaining and repairing Army airplanes, engines, instruments, raido equipment, etc. The prerequisite for this opportunity to serve in the Air Force is to possess a mechanical background, or, secondly, to possess sufficient knowledge of radio and mechanical functions to pass a trade test given by the United States Employment Service.

Here is an opportunity to pick your branch of Service, to fight with your skill and tools, to serve in a way you can be most useful in winning the war.

If you have passed your 18th birthday and are not yet 50, and have mechanical or radio experience, come to Room 309, Bard of Trade Building, 444 Market Street, San Francisco. Here you can get all the additional information you need. You don't have to sign up in advance — in fact, you cannot sign up until you have proven your ability.

Sooner or later you are going to say "It's up to me". Make sure it won't be too late to pick your weapons. Make sure by enlisting NOW in the ARMY AIR FORCES.

Register advertisers appreciate your patronage.

CENTERVILLE ELEMENTARY SCHOOL NEWS

The Centerville Elementary School cafeteria, managed by Mrs. Evelyn Peixoto has been receiving excellent patronage from the students. The cafeteria is operated as a service to the children and parents of the School District through the cooperation of the Parent-Teachers' Ass'n. and the Board of Trustees.

* * *

The eighth grade class of the school elected the following officers for the 1942-1943 school year: Alwin Lum, president; Melford Alameda, vice president; Beth King secretary; Diane Ferraris, treasurer; Mr. Thomas P. Maloney, principal, is class advisor.

* * *

The school fire squad and air raid drill team has been organized under the direction of Principal Maloney. The following boys have volunteered their services: Melford Alameda, Alwin Lum, Milton De Borba, Harold Rogers, Anthony Dutra, and Alvin Soares.

The School has joined the National Salvage Program. Students have been collecting rubber, burlap bags, manila rope, iron, steel copper, brass, bronze, aluminum, zinc, and lead. This is a great opportunity for every civilian to back up our soldiers on the firing line. If you have any scrap to contribute, please bring it to the Centerville Elementary School or phone Centerville 5 (Centerville School) and someone will call for your contribution.

LAWNS LOOK FINE

The lawns and the yellow marigold beds outside the Niles Elementary School are coming up nicely and certainly make an attractive apearance outside the costly school building. A new sign now informs the public that the school house is an OCD Disaster Service Center.

ED QUARESMA TO LEAVE FOR EAST ON OCTOBER 18

IRVINGTON — Edward A. Quaresma, Irvington attorney and official of the supreme council of the I.D.E.S., has received an appointment as principal business analyst for the Board of Economic Warfare in South America.

Quaresma will leave by plane October 18 for Washington, D. C., his South American destination yet unannounced, but probably to be Brazil. He has been a resident of Irvington for the past four years, having taken over the practice of the late Tom Power. He graduated from Santa Clara University and served as assistant district attorney of San Luis Obispo prior to coming here. He is a member of the Niles Rotary club, numerous fraternal organizations and is secretary of the board of directors and general counsel for the supreme lodge of the I.D.E.S.

Quaresma is the second resident of the township to be called by the Government to duties in South America, Dr. E. A. Westphal having left here several months ago to head a medical mission in Peru. Mrs. Westphal and son are en route to that country.

NILES SCRAP PILE

Persons who have small jags of metal, such as they can carry in their own cars, are invited to drive onto the lot behind the Township Register building and add their donations to the small pile now accumulating there. This will be picked up on Sunday, October 25 to benefit the Toyon Branch of the Children's Hospital of the East Bay. Help make Uncle Sam "scrap-happy"!

RUBBER FOR EVERYBODY

There is twice as much natural rubber going begging now in the Western Hemisphere than civilian demands of the entire United States require!

This startling — and comforting! — announcement was made last week before a Senate Subcommittee headed by Senator Gillette of Iowa, by Major Wendell Dove of the Army Medical Corps, who was summoned to report before a closed session of the committee after spending 15 years in Latin American Republics.

The Major said Brazil alone has a million and a half tons of crude rubber for sale annually, for which the U.S. under an old trade agreement offered but 42c per pound, and also had to buy a crtain number of Brazil nuts for every ton of rubber.

The Germans, before Brazil's declaration of war were buying most of this rubber at much higher prices, because Uncle Sam did not want the Brazil nuts!

The Major suggested that the Senate subcommittee renegotiate the trade agreement, offer $1 per pound (last war rubber sold for $3 per pound) for the crude rubber, and throw the Brazil nuts away.

So there's the rubber folks: twice as much as our peacetime civilian demand of 800,000 tons annually; but will Congress do anything about it?

I for one will be surprised of they do, because the President has already backed the great synthetic rubber program and factories are built and building now to provide civilian needs with buna-S rubber about 1944.

In the meantime, there is no earthly reason, other than the shortage of shipping, why we cannot import some of this crude rubber NOW, to relieve civilian demands. (The government has a large enough stockpile for the use of our armed forces, augmented by some small output of synthetic, and by the rubber salvage program.)

Brazil has the rubber, doesn't need it, and can't sell the bulk of it. Exports to Germany are of course at an end. So there's the rubber, folks, on OUR side of the earth, Will Congress do anything about it?

Perhaps if enough of U.S citizens brought pressure to bear on the Senate Agricultural Subcommittee headed by Senator Guy M. Gillette, Democrat of Iowa, we might have tires for our cars in 60 or 90 days.

The Associated Press story from Washington, by A. Shirley Brown, appeared in all daily newspapers on Friday, October 9 and this office has retained a copy of it if anyone wishes to see it.

Your editor will watch the daily papers eagerly for news of any action taken on this simple matter, which only requires the renegotiation of an out-dated contract, by the proper department of government.

There's the rubber lying idle in our own hemisphere. Can't Uncle Sam buy some for his civilian nieces and nephews who are footing the bill for this war?

—ww—

SCORE: 48 to 4.

Some 110 U.S. bombers and 500 R.A.F. fighter planes made their greatest sweep of the war over Lille in France last Friday, demolishing a motor manufacturing plant used by the Germans.

The nazis sent up their best interceptor planes, Focke Wolfes. of which our bombers shot down 48. We lost four planes in the night'sfighting.

Score 4 to 48 in our favor.

Will Expert Mr. Alexander Seversky and other aerial pessimists like him quit writing books which insist our air power is inferior to that of the enemy's?

Actual fighting is the acid test, which sets at naught all theories and speculations.

Also to the credit of our superb air force is the the fact that our forces made 11 bombing sweeps over Western Europe, using flying fortresses alone, before we lost one of them.

And when it comes to matching planes against the Japs' much touted Zeros — look at the record! We come off victors in every aerial engagement even when our planes are outnumbered.

Will Expert Pessimists Seversky and his pack of wolfcriers please pipe down and marvel at the way our boys and our machines FIGHT? We have the finest air force in the world, with a nod to the British and we can be fervently pround of both air forces and the splendid men in them.

—ww—

NO MORE GOLD

Orders issued from the War Manpower Commission last week requiring the closing of all the large gold mines, in order to release from 4,000 to 5,000 miners to work in copper, zinc and lead mines.

The latter metals are needed in war production while gold is not.

Stocks of gold on hand are apparently enough to meet the needs of dentists, which is essential, and of jewelers, which is not essential.

No Westerner ever dreamed the day would come when the United States government would prohibit the mining of gold in the Golden State and in the Golden West.

This surely is a strange repercussion of the war. But then — Uncle Sam has more gold buried in Kentucky than all the other nations of the world possess. Although this gold provides the base which stabilizes our paper currency, it is literally just chunks of metal. You can't eat it, you can't wear it and it is unlawful for anyone except the government to own any of it.

The day is here when gold is a "drug on the market" and that situation has never occurred before in the history of mankind. Wars areusually fought to gain gold and other riches. Japan is fighting this war to gain more land and more riches. Germany is fighting it in order to get rid of a lot of bad blood which goes back to Bismarck, and before. Also to try and make work a lot of fiendish ideas suchas might makes right and that one race of human beings is superior to another.

America, as the melting pot of bloods and nations, knows better.

—ww—

AN INTERNATIONAL TRIBUNAL.

The United States and England are already pioneering the creation of a Court of International Justice before which ringleaders will be tried by lawful process and given their just dues after this war ends.

The fact that this idea has occurred to the Allied leaders suggests that the end is much nearer than the militarists believe. The fact such a tribunal is being formed will strike terror into the hearts of the nazi leaders and the Jap war "lords" who know, deep down, they never can win and will have to pay for their crimes.

Forming this tribunal will correct the mistake made after the last war when the Kaiser was let go free to spend his worthless life sawing wood in Holland for 20 years. Ten million men tried to get him while the last war was on: he started it and was never punished for it while he lived.

Civilization does learn, although the cost of such experience is terrible.

—ww—

THE JAPS DEPART

The good news was released last week that Japs had abandoned their precarious foothold on two of the three Aleutian Islands, after having lost 40 naval vessels to our bombers and submarines.

With our new base on the Andreanoff Islands the bombing of Kiska, their last remaining foothold, will continue until they withdraw from there, too: or are wiped out.

The Jap strategists must be dreadfully put out to have their plans in the Aleutians and the Solomons reversed by American forces.

The daily sinkings of Japanese ships is whittling away at their dwindling resources until they won't have the means left to maintain and defendall the lands they have seized.

When they become vulnerable enough Uncle Sam will wade in and with the Allied aid will win back the Dutch East Indies . . and the Philippines. It shouldn't be too difficult.

Preparations are being made in China for the continual bombing of Japan proper and when that happens, as Germany is getting it now, you can almost hear the Japs squeal from here. Their paper cities and congested populations will be far-easier to reduce than German cities; they are easier to reach, and less well defended.

And that, 'm lads and lassies, is the good news we're wating to hear. You can't treat the Japs like civilized peaple—you have to exterminate them in order to teach them. Their "peace with a sword" notion as extended to China will be turned back upon them. It was their ignoble idea in the first place, wasn't it?

Now we're in it — and we're gonna WIN it!

—ww—

CHILDREN MUST WALK

The Office of Defense Transportation, in order to reduce the number of school buses in use, has ordered that children who live within two miles of school shall walk back and forth, as their parents and grandparents did.

Just another step towards the hardening process which is a desirable by-product of this war.

— ww —

THE FIFTH FREEDOM

J. B. Hill of Louisville Kentucky, president of the Louisville and Nashville Railroad must read editorials in this newspaper.

In a public address last week he said freedom of enterprise should be added to the other four freedoms cited by President Roosevelt — freedom of speech and worship and freedom from want and fear.

Your editor listed freedom to work as we please without government direction or management as a fifth freedom, in an editorial published some weeks ago. Mr. Hill carries on the same idea by telling Eastern railroad men:

". . freedom of enterprise must be included in post-war goals, and should be added to the President's famous four freedoms . . capital is the creator of our great private enterprise system . . it is the power behind the unparalleled progress of our great Naiton during the last century and a half.

"If the creation and distribution of wealth prior to the New Deal was sound in principle and needs only improvement without radical change, that fact must be made clear to the masses."

Particularly to the unions, who have never recognized the fact that private capital invested in business and manufacture creates employment. Without capital there would be no enterprises and without enterprizes there would be no employment.

Therefore labor should be grateful to capital and private management for creating jobs instead of which labor, since the turn of the century, has tried to dictate to capital — and with the New Deal's help labor talks pretty loud these days . . which exactly puts the cart before the horse.

The ideal condition is capital and labor in perfect agreement. The working man has his rights, and so has management. But management **makes** the jobs: labor just works at them.

The new national commander of the American Legion told a labor convention in Toronto last week that workmen who deliberately went out on strike in war plants, thus imperilling the lives of our fighting men for want of materials or munitions, should be shot.

Many soldiers are brothers and sons of men working in war factories. Soldiers can't quit or walk out, and their lives are at stake. Workmen in war plants should realize that and go on with their work while minor differences are being ironed out by negotation.

But keep the work going, just as soldiers have to keep the fighting going.

—ww—

"HOT CARGO" AND COLD FACTS

It seems a pity that so much distortion of simple facts and so much emotional illogic on the part of impetous labor spokesmen should becloud the Hot Cargo and Secondary Boycott referendum — Proposition One on the general election ballot.

The Hot Cargo and Secondary Boycott bill is now a law of California. It was enacted by a vote of 33 to 5 in the State Senate and 54 to 26 in the Assembly. It is a war emergency measure effective only until May 1, 1943, or until the end of the war emergency. It serves to prevent irresponsible persons, who cannot be controlled by responsible labor leaders from interfering with industrial war effort.

This law bans the "hot cargo" practice, or the collective refusal of employees or employers to transport or handle the product of some entirely separate firm involved in a labor dispute wholly its own.

This law also bans the "secondary boycott," an extreme labor weapon designed to prevent a business man or farmer or their employees, even though they are free of labor trouble of any kind, from doing business with some firm which is in dispute with its own employees.

This is the sole extent of the law. It does not prohibit employees from joining a union, nor from striking against an employer, nor from picketing an employer. The law in no way prohibits employees who go on strike from conducting a direct or primaryboycott against the struck firm.

The referendum on this issue sums up simplyenough. A vote of Yes on Proposition 1 is a vote to retain as law a measure passed by an over whelming majority of the Legislature and approved as sound, fair and patriotic by the public opinion of thousands of union workers, employers, farmers and leaders responsible for war plant output. A vote of No on Proposition One is a vote to kill that law and leave a dangerous weapon free for the hands of the irresponsible and fanatical.

The plain facts should be a clear guide to the thinking voter.

—ww—

COMFORT FOR THE RELIGIOUS

Religious people, who are hopefully seeking some sign of The Almighty in this queerest of all wars, will thrill to learn that a real, full scale, high grade OIL WELL has just started to flow in England!

Ever since oil was discovered elsewhere back in the 70's geologists and engineers have probed every inch of English surface in the search for oil. They never found even a trace.

Of course one oil well is not going to upset the course of the war, but it is a sign of "Emmanuel" (God with us) nevertheless.

One newspaper columnist writes of it as follows:"It is one of the great stories of the war. It is great news to read in Moscow, Washington and Chungking. It is somber news of fate working against them to leaders in Berlin, Tokyo and Rome."

Add to the sudden spouting of an oil well in England the facts that salmon fishermen in the Pacific Northwest is harvesting its greatest grain crop; the Middle West is having its first bumpererop year since the boom twenties and you will realize that "Gott" is really "mit uns" whereas the nazis, descendants of the war-waging Teutons and Prussians are experiencing a state of diminishing returns everywhere they go: less food, less man power, less raw materials, fewer successes, AND less confidence in their "cause".

Starting with Joseph sojourning in Egypt many parallels of The Lord providing for His peoples in time of need may be found throughout the Old Testament.

Even people who are not religious can take comfort in good omens.

DEMOCRATIC WOMAN LEADER WORKS FOR WARREN'S ELECTION

OAKLAND — Asserting that Attorney General Earl Warren deserves the support of every public-spirited citizen in California, Mrs. May Lillienthal, former president of the Alameda County Women's Democratic Club, today accepted the East Oakland Regional chairmanship of the Warren-for-Governor NonPartisan Committee.

"Any one interested in good government knows that Earl Warren has stood every test as a public official. His record in public office should be an incentive to every person who wants a non-partisan administration in Sacramento to work for his election."

POLITICAL ADVERTISING

VETERANS URGE ACTIVE WAR LEADERSHIP

FORMER SERVICEMEN SUPPORTING WORLD WAR BUDDY IN HIS RACE FOR GOVERNORSHIP

EARL WARREN SERVED WITH THE 91ST DIVISION; HIS DEFENSE RECORD IS PRAISED

Veterans of World War I—thousands of them—under the statewide leadership of Frank N. Belgrano, Jr., former national commander of the American Legion, today are campaigning for their 91st Division buddy, Attorney General Earl Warren, in his fight to win the Governorship of California.

In their campaign for new leadership in State administration, they point to Warren's activities in connection with Civilian Defense, and they openly charge Governor Culbert L. Olson with a record of appalling neglect of war preparedness and bungling of the State's defense program in "his game of playing 'politics as usual' for personal gain."

Veterans are still incensed at Olson's unwarranted attempt to belittle their efforts against subversivds and un-Americanism They do not forget his veto of bills requiring school children to pledge allegiance to the flag; his veto of a bill permitting high school boards to purchase cadet uniforms; or that, in the State Senate he cast the only vote, on May 25, 1937 against a California National Guard appropriation. His record of defense neglect is long.

Warren, on the other hand, as early as January, 1941—long before Pearl Harbor—analyzed the war situation, mustered peace officers of the State, and sponsored practical defense measures. He is a forceful and courageous leader, veterans declare.

Families of men now in service are numbered among Warren's staunchest supporters, because he also assures intelligent after-the-war leadership.

The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary Agricultural Council of California

* * *

American farmers, in their fight in Washington to require that the cost of farm labor be taken into consideration in computing parity for the purpose of fixing ceilings on agricultural commodities, are fighting not only defend their own industry from chaos and disaster, but also—and much more important! — to avert a breakdown in production of farm produce that would play havoc with the whole country and the whole war effort.

The farmers (and America will some day be grateful to them) have stayed by their guns, despite a storm of misrepresentation and propaganda, designed to whip up public resentment against agriculture and to distort and confuse the issue.

And Congress, finally recognizing the danger to the nation in any program that deals drastically with prices, but tenderly and gingerly with wages, has had the courage and good sense to include an amendment in the anti-inflation bill specifically requiring that farm labor costs be included in computing parity.

There is nothing selfish nor unsound in that amendment; to the contrary, anything less would seriously cripple the ability of American farmers to produce and would invite disaster, with a dangerous possibility that America and its allies would find themselves before long trying to work and fight on starvation or semi-starvation rations.

It is about time that government officials, industrial leaders and labor leaders awakened to the seriousness of the calamity which may follow if, for reasons of political expediency, Washington continues to procrastinate on fixing wages, while insisting on fixing prices. And it is about tme that some of them recognized that America, like most of the rest of the world, will be forced to go on short rations if farm production is drastically curtailed or crippled by refusal to stabilize all the factors which determine agriculture's costs at the same time that they seek to stabilize farm prices.

If it is to be the policy of the government to placate labor until after the November elections—and to attempt to make it appear that farmers are selfish when the real selfishness lies elsewhere—then it is time that the farmers of America started educating the people of America on the price that the nation must pay for that type of political compromise. It is begging the question to say that wages will be fixed at some later date; if prices are fixed wages must be fixed—and the two done together. Any other course is simply political cowardice that would seriously retard production and put the nation on short rations at a time when this country must not only feed and supply its own but its allies on the world's war fronts.

Congress has seen the light and it is to be hoped that President Roosevelt, instead of nullifying the action of the Congress, will approve of it.

To that end, a letter has been sent to the President, signed by Edward A. O'Neal, president of the American Farm Bureau Federation; Albert S. Goss, master of the National Grange, and H. E. Babcock, president of the National Council of Farmer Cooperatives. Because it presents a rational, intelligent and sound analysis of the issue, that letter should be read by every American, desirous of getting at the truth in the current controversy. The letter follows:

Dear Mr. President:

We, the heads of the undersigned farm organizations whose members produce most of the food and fibre raised in this country, feel it is our duty to inform you that there is grave danger of a shortage of food and fibre next year unless the ceilings of farm prices are so adjusted as to enable farmers to meet essential production costs. The establishment of any ceiling on farm products which omits farm labor, as an item of cost, will fail of its purpose. The responsibility for the future food and fibre supply of the nation must rest squarely on the shoulders of those who deny consumers of food and fibre this protection.

It is our duty to point out to you that the best protection against inflation is abundant production. Already the production of food and fibre in this country has passed its peak. Unless farmers can pay adequate farm wages, production of these essentials will continue to decline. The demand on farm labor by the military services and the attractive wages and shorter hours of labor which are already prevailing in industry, are resulting in farm laborers, farm boys and girls, and even farm operators, leaving our farms in ever increasing numbers.

Respectfully submitted,
(Signed)
EDWARD A. O'NEAL
President, American Farm Bureau Federation
ALBERT S. GOSS
Master, National Grange
H. E. BABCOCK
President, National Council of Farmer Cooperatives.

PUBLIC (LEGAL) NOTICE

NOTICE OF SHERIFF'S SALE OF REAL PROPERTY ON EXECUTION

Arthur Freeman, doing business under the name of General Collection Bureau, Plaintiff.
vs.
John P. Machado and Helen B. Machado, sued herein as Ellen Machado, Defendants.
No. 12687

By virtue of a Writ of Execution, issued out of the Justice's Court of the San Jose Township in and for the County of Santa Clara wherein Arthur Freeman, doing business under the name of General Collection Bureau Plaintiff and John P. Machado and Helen B. Machado, sued herein as Ellen Machado Defendants upon a judgment rendered by the said Court on the 20th day of May A.D. 1941 for the sum of $421.42 in lawful money of the United States, besides interest and costs, I have heretofore levied upon all the right, title, claim and interest of John P. Machado and Helen B. Machado, sued herein as Ellen Machado denfendants, of, in and to the following described Real Property, to-wit;

REAL PROPERTY in the Township of Washington, County of Alameda, State of California, described as follows:

COMMENCING at a point on the center line of County Road No. 521, also known as County Road from Decoto to Jarvis Landing, distant thereon north 34° 57' east 2284.31 feet from the point of intersection thereof with the center line of Alvarado to Centerville State Highway, formerly County Road No. 397 or County Road No. 544; running thence north 54° 20' west 24.75 feet to the most eastern corner of that certain 15.31 acre tract of land firstly described in the deed from Antone Machado and Manuel Peixoto to F. Rodrigues, dated August 20, 1875 and recorded August 21, 1875 in book 104 of Deeds at page 347, Alameda County Records, and the actual point of beginning of this description; running thence from said actual point of beginning north 34° 57' east along the northwestern line of said County Road No. 521, 566.28 feet to the southwestern boundary line of that certain 20.34 acre tract of land described in the deed from Antonio Machado to Manuel Peixoto, dated August 20, 1875 and recorded August 21, 1875 in book 104 of Deeds at page 346, Alameda County Records, thence north 51° 41' 23" west along the last named line 1620.20 feet to the southeastern boundary line of that certain 71.42 acre tract of land conveyed by Thos. G. Cary to Walker Baker, by deed dated November 4, 1862 and recorded November 5, 1862 in book "M" of Deeds at page 764, Alameda County Records; thence south 36° 14' west along the last named line 641 feet to the northeastern boundary line of said 15.31 acre tract; thence south 54° 14' east along the last named line 1631. 95 feet to the actual point of beginning.

CONTAINING 22.52 acres, more or less, and BEING a portion of the Rancho Potrero De Los Cerritos.

PUBLIC NOTICE is hereby given that I will on Tuesday the 10th day of November A.D. 1942 at 10:00 o'clock A.M., of said day, in front of the Fallon Street entrance of the Court House, of the County of Alameda, in the City of Oakland, County of Alameda, State of California, sell at PUBLIC AUCTION, for lawful money of the United States, all the right, title, claim and interest of said defendants John P. Machado and Helen B. Machado sued herein as Ellen Machado of, in and to the above described real property, or so much thereof as may be necessary to raise sufficient money to satisfy said Judgment, with interest and costs etc.; to the highest and best bidder.

COUNTY TAX RATES SHOW SLIGHT DOWNWARD TREND

In Alameda County during 1942-43 there will be 84 local tax-spending bodies operating as against a total of 83 last year. The Irvington Sanitary District was discontinued but two new water districts in the Eden and Pleasanton Townships, respectively, were formed. Following is a brief summary prepared by the Alameda County Tax payers' Association of the tax-spending bodies which will function in Alameda County during 1942-43:

Counties	1
Cities, Incorporated	10
Districts:	
School	48
Fire	10
Sanitary	7
Water	6
Mosquito Abatement	1
Regional Park	1
Total	84

Of course, each property owner does not pay taxes to all of these bodies, but he pays taxes within the city or district where his property is located. In view of the over-all picture, however, the tax trend within every group except one has been downward for this current tax year.

The basic County rate was cut six cents. ..This decrease was welcombed ..by ..every taxpayer throughout Alameda County.

Evclusive of school bonds the rate in twenty (41.67%) school districts was decreased, in thirteen (27.08%) there was no change, and in fifteen (31.05%) the rate increased. With increases taken into account there was a net decrease in the total rates for all Alameda County school districts of $.498 per hundred dollars of assessed value. The taxes for school bonds declined $.884 per hundred dollars of A.V. When special taxes which apply in a few school districts are considered along with bonds and district school taxes there is an over-all reduction of $1.288 per hundred dollars of assessed valuation.

— Decrease in Alvarado.

In the Sanitary Districts, Alvarado showed the largest decrease of 32 cents. ..While not all sanitary districts registered decreases there was a net decrease of 67 cents per hundred dollars from last year's total.

Alvarado was the only fire district to reduce its rate. ..This decrease of 25 cents coupled with an increase of four cents in the Newark Fire District, as all other fire rates remained the same gives an over-all decrease for this group of 21 cents per hundred dollars of assessed value.

Water districts show an increase of 11 cents per hundred dollars, because it was necessary to create two new water districts this year in the Eden and Pleasanton Townships. The rates in the four old water districts remained the same except for a 1-cent reduction in the Alameda County Water District.

Small Increase

The tax rate of the mosquito abatement district was decreased 2 mills while the Park District rate remained the same.

Thus, by lumping the total tax levies of all the districts and the County (excluding cities we have a net reduction of $2.02 per hundred dollars of assessed value. As the Taxpayers' Association pointed out no one individual will have his tax rate reduced this amount, but is is encouraging to note that the general trend is downward. Taxpayers are fully appreciative of the governing officials responsible for reductions in local taxes in the face of the enormous rise in the cost of Federal Government.

'CANAL ZONE' SKY IS FILLED WITH FURY!

Bombers streak the heavens above . . . as adventure shakes the earth blow! Crash the clouds with fearless fliers! Thrill your heart with heroic deeds! "Canal Zone" is drama hot from America's tropical tinder box!

Out of the carefully-guarded shadows of America's mightiest life-line of defense, blazes "Canal Zone," a tense, taut, timely drama to set your blood afire with excitement! With Chester Morris, Harriet Hilliard and John Hubbard heading the pulse-pounding cast, Columbia's "Canal Zone" plays Sunday and Monday at the Niles Theatre to bring you thrill-roaring drama from one of the world's most fearsome danger zones!

Directed by Lew Landers, the "Canal Zone" cast also includes Stanley Andrews, Forrest Tucker, Eddie Laughton, Lloyd Bridges and Larry Parks.

COLONEL VICKERY TO SPEAK AT LIONS ROTARY GET-TOGETHER

"Kentucky -- Land of the Hillbilly, Horses, Blue Grass, Moonshine and A'feudin' and A'shootin'" was the subject of Col. Oliver Vickery at the annual Centerville Lions-Rotary get-together, Thursday evening at Solon's in Niles.

Col. Vickery who hails from "Ole Kentucky" himself is a member of the Governor's Staff and an officer in the Kentucky State Militia. Col. Vickery, an explorer and importer in San Francisco, draws from his experiences as a lecturer, author and traveler.

SPECIAL SCOUT TRAINING COURSE TO BEGIN OCT. 22

Arrangements have just been completed whereby a special training program in Scoutmastership will be held at Hayward beginning on Thursday night, October 22nd, at the Hayward Union High school, 7:30 p.m.

The course will be under the leadership of Bill Abrott, experienced Scoutmaster and training Field Commissioner. It will be a course dealing with troop operations and is especially set up to help Scoutmasters and assistants in meeting the problems of troop programming. Mr. Abrott wlil be assisted by a group of experienced scouters.

The course is open to any man 18 years of age or over. No previous experience required . . . so bring a friend. The course will continue on Thursday nights for 6 consecutive weeks at the Hayward high school.

— Troop Committee Training

A practical course in troop committee operation will be conducted under the leadership of District Commissioner H. B. Bradford, assisted by C. W. Nason and Paul De Alva . . . The same corps of men who are heading up the Troop Committee training course at the fall informar in Oakland.

These men will help committeemen and sponsoring institutions to have a better understanding of their responsibilities and specific duties. It will be apractical program of assistance for all committeemen.

Present committeemen, members of sponsoring institutions, and fathers of scouts are urged to sit in with this practical program of troop training.

The course will run for 3 consecutive weeks.

— Judge to Open Course

The training course which will open on the 22nd of October for Troop Committeemen and Scoutmasters will have as the guest speaker Judge Frank M. Ogden, President of the Council, who will bring a challenging message to the Scouters and friends assembled.

There are no fees in connection with it. All you need to do is come and bring a friend.

A. B. Leask and Fred Duffie are working nights at the Booth Cannery in Centerville, helping out on the pear run.

HOSTS TO SERVICE MEN

Centerville, Alameda and Elmhurst lodges of Knights of Pythias were hosts to 300 service men on Columbus Day. A hospitality party was tendered to them at W.O.W. Hall in Fruitvale and consisted of food, smokes, soft drinks and an excellent floor show. Names and home addresses of the men were obtained and letters will be written to their families. Many local Knights attended the affair.

NURSES TRAINING COURSES MAY START AT FAIRMONT SOON

Many inquiries have been made in regard to the Nurses Aide Courses being offered by the American Red Cross. It is hoped that a new course will start at Fairmont Hospital on November 9th. This will be an eighty-hour training course, Monday through Friday from Ten a.m. until twelve noon for the first 35 hours; the second unit of the course is from 9 a.m. until 12 noon, Monday through Friday, for the remaining forty-five hours. After completing this course a Nurses Aide will be qualified to work under the supervision of a graduate nurse in any hospital approved by the American College of Surgeons.

As many of our graduate nurses have enlisted for service with our armed forces, it is requested that as many as possible take the required course and qualify as Nurses Aides. You will thus be prepared to render great services to your community, in case of disaster, and also qualified to take charge in your own home in case of sickness. If interested see the chairman of your local nurses committee or F. T. Dusterberry, Chairman of Washington Township Red Cross.

NO HALLOWE'EN DANCE

NEWARK — The Bluebird club held their meeting last week at the home of the president, Julia Ruschin. The club for the first time in 25 years cancelled their Halloween dance, which has in the past raised funds to provide a Christmas party for local children. Funds for the Christmas celebration will be raised by some other means.

WOMEN TO HEAR EARL WARREN AT "LISTENING TEAS"

SAN FRANCISCO — Thousands of women in California will join "listening-in-teas" on Thursday, Oct. 22, to hear Earl Warren, nonpartisan candidate for Governor, in a state-wide broadcast which will feature "Warren-for-Governor Day", sponsored by women. His speach will stress that women, with their men away on the fighting fronts, must be doubly vigilant to exercise their franchise in behalf of clean government at the coming election.

The broadcast will originate at the St. Francis Hotel, in San Francisco, and will be carried by the Columbia chain from 3:00 to 3:30 p.m., on October 22.

The designation of October 22 as "Warren-for-Governor Day" was made in recognition of the responsibility resting upon women to insure a strong home front while their men were away at war, said Mrs. Jessie Williamson, Northern California co-chairman of the Women's Non-Partison Committee for Earl Warren.

"Every women's organzation in every community in California is being asked to send representatives to these teas in order that they can hear directly from the lips of the nonpartisan candidate for Governor how he proposes to end the partisan bungling which has added to the home-front burdens assumed by women," said Mrs. Williamson.

"Arrangements for the listening-in-teas are in the hands of the local nonpartisan women's committees in each community, and every woman interested in restoring good government to California is invited to attend."

VISIT FIREHOUSE

NEWARK — Miss Lorene Killey rural school supervisor accompanied by two fourth grade girls of the Newark grammar school, Diana Rieder, and Darlene Buck visited the Newark Fire station on Thursday, October 8. Miss Shea is the teacher for the fourth grade. Chief Pashote distributed fire prevention posters and fire Defense quiz pamphlets through the school and throughout the fire district.

TRICKS OF MAGIC TO ENTERTAIN CHURCHMEN'S CLUB

Deputy Sheriff Ben Olson and his bag of magic tricks will feature the entertainment to be presented after the dinner meeting of the Men's Fellowship club of the Niles Congregational Church next Wednesday evening.

This welcome announcement is made by Fred Duffie, chairman of entertainment. The dinner will be prepared by the ladies of the Sanford Circle as usual, and annual election of officers will be held, according to President E. F. Glassbrook.

NEWARK SCRAP METAL DRIVE HITS 30 TONS

NEWARK — The children of the Newark school are assisting with the National scrap drive. An effort is being made to have the school 100% in securing scrap. Each child who brings scrap to school will get a badge. There will be a special show for all those who have contributed scrap. The price of admission will be scrap.

The Scrap committee of Newark put in another full Sunday picking up metal. Fire Chief Pashote, chairman of this committee estimates that the drive will reach the 30 ton mark now. Arrangements to haul the scrap to the mill will be made for some future Sunday.

ALVARADO RESIDENT IS GIVEN FINAL RITES

ALVARADO — Funeral services for Thomas Villegas, 40 of Alvarado were held Monday from the Berge Mortuary Company parlors at Niles with mass at St. Anne's Church and interment in the Holy Ghost Cemetery.

The deceased, a resident of this country for the past 15 years, died at an Oakland hospital after a lingering illness. He is survived by his widow, Isabel, and five young children.

HOW YOU BENEFIT
by the election of
Earl WARREN
as California's Non-Partisan, War-Time
GOVERNOR

★ As a Citizen...

just what does Earl Warren's election as Governor of California mean to you?

- It means unification of California's war effort...a result vital to the safety of all.
- It means the end of petty partisan politics which threatens the war effort.
- It means that during the critical, post-war period, California will have fearless, able and constructive leadership.

2 OUT OF EVERY 3 VOTERS
at the primaries recognized the need for the things Earl Warren stands for and voted for him.

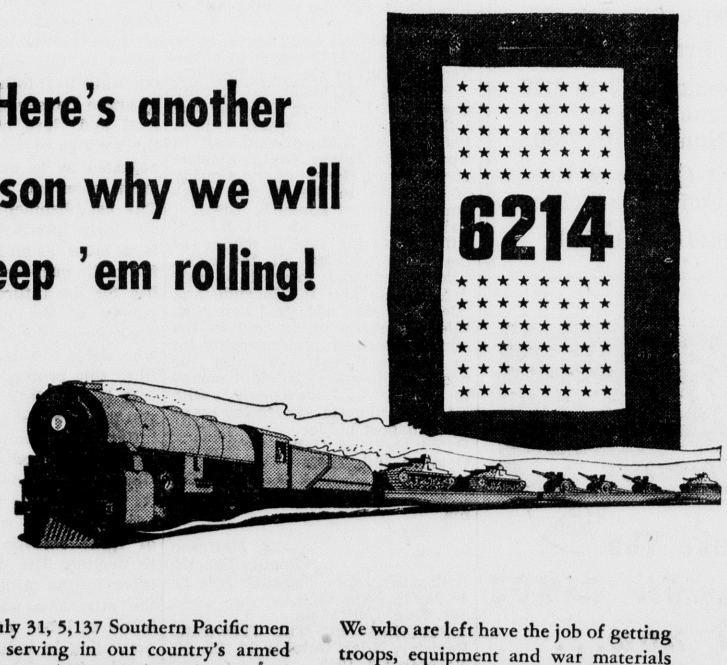
REGARDLESS OF PARTY affiliation, they invite you to help them elect Warren as Governor at the

GENERAL ELECTION NOVEMBER 3

★ *Including nearly half a million registered Democrats*

WARREN for Governor | X

Here's another reason why we will keep 'em rolling!



On July 31, 5,137 Southern Pacific men were serving in our country's armed forces; on August 31, 5,836 men; and on September 15, 6,214. That's a lot of men from one organization!

To these men, the ideal of service is nothing new. Railroading has always inspired devotion to duty, and a conductor wears the stars on his sleeve just as proudly as a sailor wears his "hash marks."

We miss these men badly, for we worked side by side with them. We also miss their long training and experience in railroad work—training and experience that just can't be replaced overnight. But we're going to do our best to back these men up, wherever they may be.

We who are left have the job of getting troops, equipment and war materials over the line to the places where they're needed, *when* they're needed. And though the traffic peak in the next few months will be the greatest we have ever faced, we promise our men in the service that we will not let them down.

So if you see an extra glint of determination in an engineer's eye, or a passenger representative on the road night and day accompanying troop trains, or a section hand swinging his pick as if the ballast were full of Japs—you'll know why they have a personal interest in this war, and a personal determination to do their part to keep 'em rolling.

The War Bonds you buy now will help pay for one of those swell new post-war automobiles.

S·P

One $18.75 War Bond will buy four 37mm. shells.
